This is appropriate considering that the USY members opinions are what count and by listening we might retain members and gain new ones. USYers should lead themselves, and implement rules that better the program.**

VII. Personal Statement

Pauly D once said, "I was born and raised a guido. It's just a lifestyle, it's being Italian, it's representing, family, friends, tanning, gel, everything." Me and Pauly D have that in common, besides the fact that I'm not Italian, and I don't put gel in my hair, and I'm pretty sure I've never gotten a tan from some light bulbs. I was born and raised Jewish. That's my lifestyle. It's not only being Jewish, but being a leader. As a leader, a Jew, or just a human being, I represent my family, my friends, praying, challah, everything! I'd like more than anything to add Arvot to this list. As your Sub Regional President I will make it my business to raise our Sub Region up to as high as we can go. I will whole heartedly put Arvots needs above my own. I want to be President purely because I believe I

can lead the region to be the best it can be. I'm running because Arvot needs a leader and I know I am more than capable to lead this Sub Region to its highest standard. Just like Vinny said, "I hear the music, I start fist-pumping, I start dancing, I'm pulling girls on stage and now.. Vinny came out to play." I see the opportunity, I start fist-pumping, I know my goals, I'll get people involved and now Arvot, Erica Mofsen is ready to be your 2010-2011 Sub Regional President.
