Sub-Regional SATO Ideas:

- The Talking Ticket” Any USYer talking during services will be given a “talking ticket” and would be obligated to pay 25 cents to T.O. after services or Shabbat is over.
- Sub-Regional Special Olympics Day. Every chapter in Arvot would gather together as helpers and huggers on this special day when county is holding its Special Olympics. Every USYer would have a very rewarding feeling at the end of the day.

Ideas and Policies:

Sub-regional Ideas:

- Broadway USY: Every Chapter in Arvot would gather together and have the opportunity to display their talents or put on a skit in front of all their friends.

Convention Ideas:

- Offer alternatives to the typical Saturday night dance so that all USYers can be entertained.
- Ask a Rabbi to attend Sub-Regional Conventions to help with the organization, religious, Israeli, and accuracy of every service.

Brief Statement:

Pam from NBC's *The Office* once said, “it's just... I don't think many girls dream of being receptionists.” But Pam, from NBC's *The Office* clearly never met me. She may think that someone would never want to “dream” of becoming a secretary, but to me, being Arvot Sub-Regional Secretary is so much more than a receptionist behind a desk. It's the ability to make changes, improvements, and differences within the world of USY. It's the opportunity to take the notes, write the programs, promote the Sub-Region, and make Arvot the best it can be. Arvot, I may be dreaming, but I know that your vote is the first step in making that dream a reality.
